Remembering Brother Hajrullah Gorani

Dear Brother Ajdini, dear colleagues from BSPK,

We have received information that Prof. Dr. Hajrullah Gorani, an outstanding trade union leader, prominent thinker and humanist, who relentlessly fought for the freedom and the rights of workers and human beings, has left us. We will always remember him for his work to build free and democratic unionism in the Republic of Kosovo and for his invaluable contributions to the trade union movement at the global and European levels.

Brother Gorani led BSPK from 1990 to 2002, very difficult and decisive times for Kosovo and Europe, with dignity and firm adherence to trade union values and principles. We would like to ask you, Brother Ajdini, to convey to his relatives and colleagues our deepest condolences. We know that all brothers and sisters of the BSPK find inspiration in his beliefs, aspirations and hard work and cherish bright memories of him and his achievements.

In solidarity,
